Operational SOP

Last Mile

1 Delay in Delivery

1.1 Delivery Delay Escalation

If the order has not been delivered on the provided estimated delivery date (EDD) and no delivery attempts have been made: **Escalate delivery delay through shipment escalation panel for immediate action and updates.**

1.2 Delivery Freight Refund SOP

No delivery attempt made and shipment got returned:

If no delivery attempt is made and shipment got returned – Freight Refund will be provided (excluding-ODA/Damaged and if there is a natural calamity or disaster. FR will be issued in 7 to 14 days of reporting the claim for approved cases.

1.3 RTO Freight Refund SOP

Seller can freely choose to return the shipment from origin with full freight refund. Once the shipment status changes to RTO Initiated from the origin, the full freight refund will be initiated.

NDR

1.4 NDR Attempt SOP

Attempts: after the 1st attempt, 2 more delivery attempts will be made by the courier. When a shipment goes into NDR, we do an SMS & IVR Calling for the buyer's response.

In the case of an OTP-based shipment, if the buyer refuses the shipment with the OTP, then no further attempts will be made.

1.5 How to take action on NDR:

Go to Exception Tab , Go to Action Required and see the reason in exception Info, based on the same click on Take Action

1.6 Courier partner is supposed to make 3 valid delivery attempts on other than verified cases on different calendar days, before processing a shipment RTO.

2 POD SOP

NimbusPost

2.1 POD request

Within 2 days of the delivery date, proof of delivery (POD) can be requested from the Nimbuspost escalation panel except for OTP-based shipments. POD requests will not be accepted after 2 days.

3.2 Delivery Dispute SOP

Delivery Dispute	Raise a Delivery Dispute within 48 Hrs of the shipment delivery. After that dispute won't be entertained.
Eligibility	A delivery dispute can be raised for Delivered but Not Received,Damaged Product, Empty Packet, Wrong Product &Partial Delivery.
Process	Share images of the pre-shipped package, post-shipped package, inner content, catalogue product, and unboxing video.
Support & Refund	Ops will use these images and videos as to file a dispute with the courier and initiate the refund process if eligibility criteria is met

3 Lost SOP

3.1 If shipment is Unsecured:

Once the LOST/Damaged confirmation received from courier, we will initiate the refund for order value or upto Rs. 5000, whichever is less.

3.2 If shipment is Secured by Insurance

Manifest/digital stamp proof from Nimbus's system
COF – Certificate of Fact which is given by logistics at the time of claim
Proof of delivery
Images of damaged products
Shipping label and invoice copy of the item for which claim is being raised
Airway Bill No / LR / RR
Self survey till INR 20,000/- claim amount. Surveyor shall be appointed for claims more than INR 20,000/- and any other requirement can be checked on case to case basis
Once all the claim is filed and accepted, up to 45 days will take for dispersal of claim.

3.3 For RTO delivery - a maximum of 3 delivery attempts will be made to get the shipment delivered. After 3 attempts, the shipment willbe disposed of, and no refund will be issued.

Labelling Guidelines

- You should use sticky paper to print the labels.
- Label size should be 4x6 inches – you can print 4 labels on one A4 sheet.
- The label print must be clear and readable, the bar code and QR code should be scannable and the To/From address must be visible.
- Do not fold the shipping label along any edge as the information on the bottom of the label is required at various points during transit.
- Label should be securely pasted on a flat surface and invoice should be put inside the package.
- Affix shipping label on the visible side of the package and put the invoice inside the package.

  Note: Do not put the label in the document pouch of the outer package.

- Use good quality sticky paper to print the labels. Do not make any markings on the shipping label.
  1. Non-adherence to these guidelines can lead to pickup associates not picking the packages.
  2. Orders getting cancelled or delayed.
- Maximum Size: 70Cm*70cm*45cm
- Maximum weight: 20Kg
- Maximum value of shipment – up to 50K
